About Us

Odd Owl Media was established in 2021 by Max Kennedy.

Max got his start in audio recording and mixing, which lead to an in-depth real world education in video production. He fell in love with being able to take ideas from paper to screen, and after buying his first camera, he was hooked.

As a graduate from Humber College's Broadcast Television / Videography program, Max went on to work for companies such as Deluxe Postproduction, Insight (Big Brother Canada), Castlewood (Cash Cab), and Portage Creative.

Clients include MT Walker, Orson Wilds, Glow Day Spa, Carey & Toni Nieuwhof, The Goldies band, Connexus Church.

I will re-write this so it's not all about me (sound bigger than just a 1 man show)
